

The Rural Health Care District is seeking a full time Family Nurse Practitioner with experience not only in the diagnosis and treatment of health disorders, health promotion, disease prevention, health education and counseling but also in the management of emergent conditions for all age groups. Sublette County does not have a hospital so candidate must feel comfortable with “whatever comes through the door” and possess critical stabilization skills before triaging to a regional hospital. The successful candidate will be working 4 days a week primarily in the Pinedale Clinic but will provide coverage at the Marbleton Clinic as needed. In addition, the candidate will have after hours ER call responsibilities at the Pinedale Clinic. The afterhours call rotation is every 6th week day night and every 6th weekend (Saturday 8am to Monday 8am). The candidate will have access to a complement of health care team members including paramedic level EMS, ACLS/ATLS certified registered nurses, lab and radiology. Competitive salary and benefit package. Come live in an enticing mountainous area that is home to the Wyoming Range, Wind River Range and numerous rivers and streams. In addition, Sublette County has great community entities including schools, libraries, health and wellness centers and numerous religious affiliations as well as community events ranging from sled dog and snow mobile races to the Annual Rendezvous Weekend. For more information visit our website at: www.subletthealthcare.com or call: Malenda Hoelscher HCA at 307-749-0670.
