

## Procedures for Dropping Off and Picking Students Up

This year school administrators are asking parents to follow the following procedures before school and after school when dropping off and picking up their children.

- Parents should approach the school by driving north on Tyler and then use the pick up/drop off lane in front of the school to let their children in and out of their cars.
- Parents should then continue north and take a left turn on Valley Road as they leave the school.
- Any parents wishing to park and escort their children in and out of the building should use the Wrangler parking lot (A). Please **do not** use the north parking lot.

### Please use the following procedures when Tyler Avenue is inaccessible

- Parents should approach the school by driving east on Valley Road and drop off and pick up their children on the corner of Valley Road and Tyler Avenue. School personnel will be available to help direct your children to their appropriate places before and after school.
- After dropping your children off please exit by turning left on to Tyler and leaving the area through the Shelter Park subdivision.
- Any parents wishing to park and escort their children in and out of the building are asked to park on one of the side roads. Please **do not** use the north parking lot.

**Thank you for you help and support!!!**
