---

Recently there has been a dramatic increase in con artists phishing for your bank information. Remember never to give out your bank information over the phone, by text, or by e-mail.

1<sup>st</sup> Bank has recently seen this happen to their customers. Somebody from a satellite phone is randomly calling land lines and cell phones in the area and saying that their debit card has been compromised and has been shut down, to re-activate please put in your debit card information, along with your pin number. We are also aware that they have been trying to reach people with this same scam via text and e-mail.

1<sup>st</sup> Bank will never contact you and ask you for this information. Please do not give any personal information out to anyone you do not know.

In addition our customers should be assured that 1<sup>st</sup> Banks information security system has not been breached and no customer data been compromised. The calls and messages are initiated randomly using phone prefixes and bank names through out the country.

A handwritten signature in black ink, appearing to read 'Melissa Flanagan'.
