There will be a cash bar. All donations collected on this day will be matched 100% to help Hannah reach her goal.

Hannah Hunter has been accepted to receive a service dog from 4 Paws For Ability, a non-profit service dog training facility in Ohio. Hannah's dog will be trained to assist her as a Seizure/Multipurpose Assistance Dog. Specifically, her dog will be trained to help her with behavior disruption, tethering, tracking, balance, safety, independence, and most importantly, seizure alert and assistance.

Part of our responsibility to 4 Paws is to fundraise for their organization so that dogs may be trained continuously and no client has to wait long. The goal we've been given to fundraise is \$13,000.
