

Congratulations on turning three!

Questar's Liquids Gathering System (LGS) on the Pinedale Anticline has reached the three year anniversary mark and there's lots to celebrate:

- ⊗ ELIMINATED over 45,000 truck trips
- ⊗ REMOVED over 100 storage tanks
- ⊗ REDUCED emissions and disturbance to wildlife
- ⊗ PREVENTED installation of an additional 250 tanks to handle new production.
