Statements

I support teachers.

I support diversity in our learning environment both in technique and subject.

I support excellent education.

I support working families.

I respect others' opinions.

I support technology as a compliment to the teacher.

I believe that more is accomplished as a team than as an individual.

I support opportunities outside the classroom.

I want to serve our community.

I believe all components are important to the success of our students: transportation, food service and our janitors.
